Auditor's Responsibility

Our responsibility is to express a conclusion on the Statements based on our review. This Standard also requires us to comply with relevant ethical requirements.

A review in accordance with ASRE 2405 is a limited assurance engagement. The auditor performs procedures, primarily consisting of making enquiries of management and others within the Operator, as appropriate, and applying analytical procedures and evaluates the evidence obtained.

The procedures performed in a review are substantially less than those performed in an audit conducted in accordance with Australian Auditing Standards. We have not performed an audit or review of any individual Statement and, accordingly, we do not express an audit or review opinion on any individual Statement.

Conclusion

Based on our review, which is not an audit, nothing has come to our attention that causes us to believe that the summary of transactions reported by the Operator to the Clients, do not present fairly, in all material respects, in accordance with the internal reporting requirements of the Operator.
