Introduction

About Morgan Stanley Wealth Management

Morgan Stanley's Wealth Management group serves many of the world's most sophisticated and demanding institutional and individual investors. Our global presence and expertise allow us to provide our clients with financial advice, integrated solutions and intelligence across all the world's major markets. We provide brokerage and investment advisory services covering various investment alternatives; comprehensive financial and wealth planning; retirement and superannuation services; insurance and annuity products; cash management and lending products.

Morgan Stanley is a leading global financial services firm providing a wide range of investment banking, securities, investment management and wealth management services. The firm's employees serve clients worldwide including corporations, governments, institutions and individuals from more than 1,200 offices in 43 countries. In Australia, Morgan Stanley Wealth Management is a Participant of ASX, a clearing participant of ASX Clear and a settlement participant of ASX Settlement.

What is DMS?

By entering into the DMS program, you authorise Morgan Stanley Wealth Management and its representatives (including your financial adviser) to manage a portfolio comprising cash and a range of Financial Products, including options (if you have made this election) on a discretionary basis in accordance with the program guidelines and having regard to your financial goals, objectives and timeframe. The program follows a strict investment discipline where your investment profile is assessed, your investment objectives are established and agreed, your portfolio is customised and your investment performance is monitored.

If you own eligible securities or other financial products in another account, these may be transferred into the program at any time with no change in beneficial ownership. You may also transfer holdings out of DMS into another account in the same name without any change of beneficial ownership at any time. ASX listed securities are maintained in a Morgan Stanley Wealth Management broker-sponsored account in your name. Cash, term deposits, bank bills and unlisted fixed-interest securities are held on trust for you by us through our nominee company. Managed funds are held on trust by Ausmaq Limited ABN 53 062 527 575 ("Ausmaq") or its custodian as sub-custodian for us or our nominee company. You retain the beneficial interest in managed funds.

Managed funds, term deposits and bank bills are only eligible within DMS for persons who are Australian residents for tax purposes.

Unlike pooled programs where you may lose certain entitlements in relation to rights issues or shareholder benefit cards, the maintenance of separate accounts for each investor ensures you remain fully entitled to all shareholder benefits in respect of your ASX-listed securities.

DMS includes a portfolio administration service as part of the program. This service takes care of the administrative requirements of the portfolio including the collection of dividends, management of corporate actions and handling of investor correspondence.

WHOLESALE MANAGED FUNDS

Approved managed funds are available to be purchased through DMS and are accessed at wholesale rates, which are generally significantly cheaper than retail rates. Important information about fees and significant risks associated with managed funds will generally be set out in a product disclosure statement ("PDS") for those financial products. Managed funds within DMS are held in custody by Ausmaq or its sub-custodian.

OPTIONS

If you are an experienced investor and you are familiar with the use of options, you can elect to allow your financial adviser to generate additional portfolio income by writing call options over portfolio holdings or protect your investments from capital loss by buying put options over portfolio holdings or an index.

Purely speculative or "naked" option positions are not permitted within the program.

REPORTING

Reporting is available online 24 hours a day, 7 days a week through a secure internet page accessible from our website (www.morganstanley.com.au). You will also receive a quarterly reporting package, which includes transactions, portfolio holdings, valuation, performance and tax reporting.

CONSOLIDATE ALL OF YOUR REPORTS

If you have investments in other Morgan Stanley Wealth Management fee based programs, year-end reports can be provided on a consolidated basis which aggregates all your investments across these programs to provide a holistic view of your investments.

Who Is Responsible for DMS?

Morgan Stanley Wealth Management is the operator of the discretionary management service, and is responsible

for the following kinds of services in connection with DMS:

- providing general and personal advice;

Morgan Stanley Wealth Management is also the issuer of margin lending facilities, which do not form part of DMS, but which can be used in conjunction with DMS. Before deciding whether to enter into a margin loan, you should read the important information about margin lending in the product disclosure statement available free of charge upon request from your financial adviser.

Ausmaq provides custody services to us in relation to units in managed investment schemes that are held for you in connection with DMS. Ausmaq does not have any agreement with you in connection with DMS and has not prepared or authorised the issue of this DMS Guide.

back in line with the investment strategy within 90 days, unless otherwise agreed by you in writing.

For new accounts and subsequent deposits or withdrawals, portfolios must be in line with the investment strategy within 90 days, unless otherwise agreed by you in writing.

MANAGING CONFLICTS

Discretionary changes to portfolios are not permitted if the change involves a security that is subject to a Morgan Stanley Wealth Management trading restriction. However, a security's weighting may increase or decrease due to external market movements or withdrawals or deposits. Such changes are completely independent of and beyond the control of Morgan Stanley Wealth Management and as such do not constitute discretionary changes to the portfolio. In addition, you may request that a particular security, issuer or sector be excluded from your investment portfolio.

Maintaining Your Portfolio Within Guidelines

The DMS program includes numerous checks and balances intended to prevent transactions which would cause breaches of the guidelines. In addition, automated monitoring highlights to your financial adviser and program administrators when factors beyond the control of the DMS program or Morgan Stanley Wealth Management result in a breach of the guidelines. For example, this would occur if portfolio values appreciate above security or sector limits. All guideline breaches must be rectified within 90 days unless you notify us in writing of your acceptance of either the breach or an extension to the normal 90 days rectification period.

Contributions or Withdrawals of Shares or Cash

Contributions and withdrawals can be made in cash or eligible securities at any time. Cash contributions that you instruct us to make will be debited from your nominated bank account and cash withdrawals that you instruct us to make will be credited to your nominated bank account or to your Morgan Stanley Wealth Management margin loan account, if applicable.

Moving eligible securities into and out of the DMS program does not result in a realisation of capital gains for tax purposes unless you cease to be the beneficial owner of the security.

Reporting

Quality reporting is the cornerstone of the DMS program. You will continue to receive trade confirmations for ASX-listed security transactions conducted in your DMS account. In addition, DMS reporting is available online and in a quarterly reporting package which includes the following:

- a record of all transactions in relation to your portfolio, including corporate actions such as bonus issues and rights issues;
- a portfolio summary with an overview of asset and sector allocations within your portfolio;
- a record of all income and dividends received in relation to your portfolio;
- a record of expenses and payments made in relation to your portfolio;
- performance reporting for your portfolio; and
- capital gains tax reporting for your portfolio.

The quarterly reports have been designed to help you monitor any capital gains or losses. While individual tax outcomes are optimised to minimise tax, alternative preferences for tax treatment may be advised to your financial adviser.

You and (subject to your written consent) your nominated representatives, can view your portfolio and the reports described above at any time online through our website. This provides you with a secure avenue for accessing details on your portfolio 24 hours a day, 7 days a week over the internet from anywhere in the world.

At least annually (or more frequently if agreed), your financial adviser will review your investment portfolio with you and plan for the coming year taking into consideration any changes to your financial requirements, investment and lifestyle objectives and financial situation.

Portfolio Administration Service

DMS includes a portfolio administration service. This service means you are relieved from having to deal with the receipt of paperwork relating to your investments and from the time-consuming process of responding to this paperwork. The investments held within your portfolio continue to be held in your name and the portfolio administration service simply handles, on your behalf, the management of the paperwork associated with your portfolio. The portfolio administration service includes the following key service benefits:

DIVIDENDS

Upon the purchase or transfer of an asset to your DMS portfolio, an instruction will be provided to the share registry with regard to your preference for receiving income. Income from listed securities will normally be directly credited to your linked DMS Cash Management Account (“DMS Cash Account”) or reinvested where a dividend reinvestment program is offered.

DIVIDEND RECONCILIATION

At the end of every month a reconciliation will be conducted of your portfolio to ensure that all income in relation to your portfolio has been correctly credited to your DMS Cash Account or reinvested.

CORPORATE ACTIONS

When corporate actions such as rights issues or bonus issues occur, your financial adviser will be contacted and requested to provide instructions on your behalf. These instructions will be transmitted to the share registry with the completed paperwork and any applicable payments made on your behalf.

Your financial adviser will have the absolute discretion as to whether or not they contact you to request instructions in relation to a particular corporate action or class of corporate actions. If your financial adviser determines, in their absolute discretion, to request your instructions, Morgan Stanley Wealth Management will use reasonable endeavours to comply with your instructions in respect of any corporate action, provided that your instructions are received by Morgan Stanley

Wealth Management or the Portfolio Administrator by the date and in the form nominated in the notification in respect of that corporate action.

Generally, Morgan Stanley Wealth Management will not: (a) seek instructions from you in respect of a corporate action; (b) attend meetings of corporations or other entities in which you have an interest; nor (c) vote in respect of any interests in which you have voting rights.

STORAGE OF PAPERWORK

The paperwork relating to your portfolio will be stored securely and will be available should you require any relevant documentation for a specific purpose. The storage of your paperwork will be for a period of seven years from the date of issue and will be available to you in complying with your requirements as a taxpayer to retain taxation records.

To facilitate the administration of your portfolio on your behalf you will need to execute the authorisation in favour of the Portfolio Administrator. Please note that annual reports and notices of shareholder meetings and voting papers in respect of any securities held within DMS will not be retained or provided to you.

For further information in relation to the portfolio administration service, please consult your financial adviser.

Cash Holdings and Settlement

As part of the account establishment process, we will open a DMS Cash Account with an Australian Bank in the name of our nominee company, to hold cash balances on your behalf and to facilitate cash movements associated with the DMS program. The DMS Cash Account is not a pooled account. Bank account details will be advised to relevant share registries to allow dividends and other registry payments to be credited directly to this account.

The DMS Cash Account is central to the operation of DMS and facilitates cash movements into and out of the program and settlement of investments. All dividends and other income relating to your investments are credited to the DMS Cash Account and all payments and expenses relating to your investments are debited from this account. There are no transactional or account keeping

fees payable in relation to this account, however, you will be responsible for any applicable government charges or taxes.

ASX Listed Options

This section must be read in conjunction with the Options PDS available from your financial adviser or at www.morganstanley.com.au. The issuer of the Options PDS is Morgan Stanley Wealth Management Australia Pty Ltd. You should read the Options PDS before deciding whether to elect to allow options within your DMS program.

Using ASX listed options to enhance income generation from your portfolio (sold call options) or to protect investments from possible capital loss (bought put options) are allowable option strategies within the DMS program. You should be aware that options are generally considered as high risk products. The nature of options and the benefits and risks associated with these strategies are explained below.

What are Options? An option is a contract where the buyer has the right but not the obligation to buy or sell shares at a predetermined price up to and including a certain date. Options contracts come in two forms, call options and put options.

General information on options is provided in the Options PDS. This information includes an explanation of how options work, discusses their benefits and details their risks.

Before you make any decision to allow the use of options in your portfolio, we require you to read the ASX publication, “*Understanding Options Trading*” so you can understand the complexity of these investments.

Options are not suitable for everyone. You should only elect to allow options to be used in your DMS account if, after reviewing the information referred to above and consulting your financial adviser, you are confident that you understand options, how they work and the risks that are involved. You should also take into account your investment objectives and the resources you have to invest.

The publication, “*Understanding Options Trading*” is available from your financial

adviser or on the ASX website at www.asx.com.au.

EQUITY OPTIONS

Equity options are options over financial products quoted on the ASX, for example shares of listed companies. These options are known as “deliverable” options in the sense that, on exercise, one party must take “delivery” of the underlying financial product.

EQUITY CALL OPTIONS. This gives the buyer (taker) the right, but not the obligation, to buy a standard quantity of underlying shares at a predetermined price on or before a predetermined date. If the buyer exercises their right to buy, the seller (writer) to which the exercise notice is assigned by ASX Clear is required to sell the standard quantity of shares at the predetermined exercise price.

SELLING EQUITY CALL OPTIONS OVER SHARES HELD IN YOUR DMS PORTFOLIO.

Where you have elected to use options, your financial adviser has discretion to sell call options over any shares held in your DMS account to enhance portfolio income. Your financial adviser’s discretion to sell call options may be exercised from time to time over any part of your portfolio.

By selling a call option against a parcel of shares in your portfolio, you commit to selling those shares at an agreed price (called the exercise price) at (or before) an agreed time (called the expiry date) in the future, if called upon to do so by the taker (the buyer of the call option). The key benefit to selling a call option is that you are paid a fee (known as the premium) by the taker for their right to buy the shares from you.

With the receipt of the premium, you effectively forego any capital growth of the underlying stock beyond the exercise price of the option.

In the DMS program, your financial adviser can exercise their discretion to sell call options over existing shares or execute a buy-write strategy. A buy-write strategy is used when shares are purchased and simultaneously a call option is sold over those shares.

EQUITY PUT OPTIONS. This gives the buyer (taker) the right, but not the obligation to sell a standard quantity

of underlying shares at a predetermined price on or before a predetermined date. If the buyer exercises their right to sell, the seller (writer) to which the exercise notice is assigned by ASX Clear is required to buy the standard quantity of shares at the predetermined exercise price.

PURCHASING EQUITY PUT OPTIONS TO PROTECT SHARES HELD IN YOUR DMS PORTFOLIO.

Your financial adviser can exercise their discretion to buy equity put options to potentially protect your existing investments from possible capital loss.

By purchasing an equity put option, you buy the right but not the obligation to sell an agreed number of your shares at an agreed price at (or before) an agreed time in the future. When purchasing a put option you pay a fee (premium) to a third party for the right to sell your shares to them.

PROTECTING YOUR INVESTMENTS USING EXCHANGE TRADED OPTIONS.

If you purchase an equity put option to protect an existing share investment, you limit your exposure to a fall in the stock’s share price to the exercise price of the option. This means that by paying the option premium you can partially protect a share from a downward shift in its share price.

INDEX OPTIONS

Index options are options over an index such as the S&P™/ASX 200™ Index. These options are known as “cash settled” options in the sense that, on exercise of an option, the buyer (taker) of the option will have the right to receive an amount of money and the seller (writer) will have a corresponding obligation to pay that amount (provided the option is “in-the-money”). The amount of money will be determined by the difference between the exercise level (set by ASX) and the Opening Price Index Calculation (“OPIC”) as calculated by ASX on the expiry date of the option. The OPIC is based on the first traded price of each constituent stock in the index on the expiry day (if a constituent stock does not trade on the expiry day, the last traded price from the previous trading day will be used). Cash settlement occurs in accordance with the rules of ASX Clear.

INDEX PUT OPTIONS. This gives the buyer (taker) the right, but not the obligation to exercise the option. If the closing level of the index is less than the exercise level of the index put option, the buyer will, on exercise of the option, have the right to receive an amount of money which is determined by multiplying the difference between the closing level and the exercise level by the index multiplier specified by ASX. If the buyer exercises the option, the seller (writer) to which the exercise notice is assigned by ASX Clear is required to pay the corresponding amount.

PURCHASING INDEX PUT OPTIONS TO PROTECT SHARES HELD IN YOUR DMS PORTFOLIO. Your financial adviser can exercise their discretion to buy index put options to potentially protect your portfolio of equities against falls in a sharemarket index.

By purchasing an index put option, you buy the right but not the obligation to sell an agreed number of index units at an agreed number of index points at an agreed time in the future. When purchasing an index put option you pay a fee (premium) to a third party for the right to sell to them.

PROTECTING YOUR INVESTMENTS USING EXCHANGE TRADED OPTIONS. If you purchase an index put option to potentially protect a portfolio of shares, you limit your exposure to a fall in the market to the exercise price of the option. This means that by paying the option premium you can potentially protect your portfolio of shares from a downward shift in the sharemarket index.

It is important to note that purchasing an index put will not provide a perfect hedge against a falling market as you are unlikely to hold all the underlying stocks in an index in the appropriate proportions. However, purchasing an index put will provide some protection against a fall in the market when used in conjunction with a well diversified portfolio of shares.

Other Information on Options

Importantly, you should be aware of the following terms and conditions for using options:

YOUR FINANCIAL ADVISER'S DISCRETION

Where you have elected to use options, your financial adviser will exercise their complete discretion in relation to the extent of option trading and may choose not to undertake such trades at all.

LIMITATIONS ON USE

SELLING CALL OPTIONS. All written call option strategies must be stock specific and covered by an existing investment unless a buy/write strategy is implemented. Any premiums received from the sale of a call option will be credited into your DMS Cash Account.

Call options can be written over investments with an existing put option, provided the following conditions are met:

- the strike price of the written call is equal to or greater than the strike of the put option;
- the expiry date of the written call is no greater than twelve months from the date of writing the call; and
- the expiry date of the written call is equal to or less than the expiry date of the bought put.

BUYING PUT OPTIONS. Exchange traded put options must be over an index or be stock specific. Stock specific puts must cover existing holding in your DMS portfolio.

Understanding Options and Associated Risks

We strongly recommend that you review the suitability of electing to allow the use of options with your financial adviser. This would be achieved in part by completion of an account profile by you, from which your financial adviser may determine your suitability for the use of options. It is also important that prior to electing to allow options to be used in your DMS account, you ensure that you read and fully understand the terms of use for the operation of your options trading account, the PDS for options traded on ASX's markets and the ASX booklet, "*Understanding Options Trading*" which set out your rights and obligations in respect of Options.

It is important that you understand how options work and that you are familiar with these investments before you make any decision to allow the use of options. You must make your own assessment

of the risks involved and ensure you are comfortable with them. In addition, we strongly recommend that you obtain tax advice based on your own personal circumstances in respect of the tax consequences and suitability of any options strategy that might be adopted. Morgan Stanley Wealth Management is not providing legal or tax advice in respect of your investment in any options strategy and has not considered the tax implications in respect of any options strategy.

USING CALL OPTIONS

While writing a covered call option affords you the ability to generate additional income against your shares, it also limits your potential return on the underlying shares to the exercise price of the call option.

USING PUT OPTIONS

While put options can protect your existing investments, the extent and timing of these benefits is determined by the exercise price and term to maturity of the put options. It is important to understand that you lose these benefits once the put options expire. After the put options expire, the market value of your portfolio may have deteriorated significantly from the time of the initial purchase of the put options, causing a large impact on your investment.

Clearing and Settlement Arrangements – Collateral

If you wish to allow trading in options, then ASX Clear margin obligations may be met by providing collateral (e.g. shares). When shares are lodged with ASX Clear, the shares are held by ASX Clear as "third party security" in the sense that they represent collateral provided by you to secure our obligations as Clearing Participant to ASX Clear. The lodged shares cannot be used by us in relation to our dealings or for our clients in relation to their dealings, unless authorised by you.

The margining process used by ASX Clear is explained in detail in the ASX booklet, "*Margins*" which is available on the ASX website.

Settlement of all obligations, whether lodging collateral or payment of premiums for bought positions, is due T+1.

Adviser Fee Tiered Percentages

The Adviser Fee is charged as a tiered percentage. Asset based fees are calculated based on the average daily value of eligible assets, including your cash holdings, of your account as detailed below:

Adviser Fee Flat Dollar Amount Example

A flat dollar fee is where the same dollar amount is charged for all assets within the portfolio. The dollar amount will be the same irrespective of the size of the portfolio.

Assume a \$6,000,000 account being charged a \$99,000 flat dollar fee:

| Flat Dollar Amount Fee Example | | |
|--------------------------------|-------------------|------------------|
| \$6,000,000 | | \$99,000 |
| Total balance = \$6,000,000 | Admin Service Fee | \$2,310 |
| | Total Fee | \$101,310 |

*All fees quoted are inclusive of GST.

Hybrid securities

If your DMS investment program includes primary market issuances of fixed income securities including hybrid securities, your financial adviser may exercise their discretion to bid on your behalf. If the issuer of the securities has released a Target Market Determination requiring the provision of advice to you, your financial adviser may provide advice relating to a specific offer. It is important to understand that any advice or information provided on a specific offer of hybrid securities is for your information, and your financial adviser will be bidding without needing your specific instruction.

Fees and Charges

The total fees and charges payable will include the costs of DMS as well as the costs of any managed funds included within your portfolio. It is important to understand the fees specifically applicable to your portfolio, and that those fees are in addition to the fees charged by Morgan Stanley Wealth Management for DMS. The costs associated with the managed funds included in your portfolio will generally be set out in a PDS for those financial products, which is available free of charge upon request from your financial adviser.

Please note that Morgan Stanley Wealth Management may, in our absolute discretion, change the fees or introduce new fees ("Fee Changes") from time to time. Morgan Stanley Wealth Management will provide you with 30 days prior notice in the event that we introduce new fees or increase existing fees. However, Morgan Stanley Wealth Management will not be obliged to notify you of Fee Changes in any other circumstances.

COSTS OF DMS

Fees and charges payable in relation to DMS comprise:

- an Administration Fee
- an Adviser Fee

ADMINISTRATION FEE

An Administration Fee of \$2,310 p.a. (including GST) is payable on your DMS account. The Administration Fee is payable monthly in arrears.

ADVISER FEE

The Adviser Fee is the amount you pay to Morgan Stanley Wealth Management for the services provided by your financial adviser. The fee is a flat monthly charge or an asset based fee and is charged monthly in arrears. Where your investment portfolio is funded in part or in whole by a margin loan or any other form of credit facility, an asset based fee arrangement cannot be used. Asset based fees are calculated based on the average daily value of eligible assets, including your cash holdings, of your account or household against a fee schedule.

A household comprises your DMS account and any qualifying accounts of your spouse, dependents, and entities which you, your spouse or your dependents control, including superannuation accounts.

Adviser Fees can be charged in the following formats:

- Tiered percentages
- Flat percentage
- Flat dollar amount

The format of the Adviser Fee for your DMS account(s) will be agreed with your financial adviser.

ACCOUNT MAINTENANCE FEE

Where the assets in your account are below the \$1m threshold at point of assessment, we may charge you an Account Maintenance Fee of \$3,498 p.a. (including GST) to help cover the costs of operating your account, including adherence to regulatory standards. Where your account is part of a household, we will assess the threshold against the aggregate assets of your household and apply the Account Maintenance Fee only once for that household. This fee will be charged on a bi-annual basis in arrears.

Costs of Investing in Managed Funds

The managed funds you invest in have their own fees and charges. Details of the fees can be found in the PDS for each managed fund, which is available free of charge upon request from your financial adviser.

Fees you may be charged by managed funds you invest in include:

- **MANAGED FUND ONGOING FEES.** Each managed fund has ongoing management fees and charges. The ongoing fees are usually expressed as an Indirect Cost Ratio or more commonly, (“ICR”)—as a percentage per annum of the average value of the fund over the year. The ICR is calculated for each financial year.
- **TRANSACTION COSTS.** Some managed funds have a difference between their entry and exit prices—which is an allowance for the transaction costs of buying and selling assets in the managed fund.

Other Fees

ENTRY AND EXIT FEES. Where an investor transfers an interest in a managed fund out of their DMS portfolio, Morgan Stanley Wealth Management will be charged a fee by Ausmaq for the transfer out of your portfolio. Morgan Stanley Wealth Management may pass on this transfer fee to you, together with any applicable government and statutory charges for the transfer of a managed fund out of your portfolio.

STATUTORY FEES AND CHARGES. In addition, statutory fees and charges such as government taxes (e.g. GST, capital gains tax, financial institutions duty (“FID”)), Exchange Fees and Personal Property Securities Register Registration Fee (if applicable) related to the arrangement of your portfolio are payable by you.

NO BROKERAGE. Please note that there will be no brokerage charged as this is provided by Morgan Stanley Wealth Management as part of the DMS program.

Costs of Your DMS Cash Account

There are no transactional or account keeping fees in relation to your DMS Cash Account. However, you will be responsible for any applicable government charges or taxes. You will be entitled to any interest earned on your DMS Cash Account.

Morgan Stanley Wealth Management does not receive any commission from the provider in respect of your DMS Cash Account.

Taxation

Any investment decision you make may have tax consequences and may also have social security and stamp duty consequences. The impact depends on your individual circumstances. You are responsible for all such consequences of dealing with your assets. Generally, each financial year you are liable to pay tax on any capital gains arising on disposal of your investments, interest, distributions, dividends or other income from your investments (even if reinvested).

You may be entitled to some rebates or tax credits. We recommend that you seek taxation advice appropriate to your circumstances before you transact in any assets using DMS. Collection of a Tax File Number (“TFN”) is authorised and the use and disclosure is strictly regulated by taxation laws and Privacy Act.

Quotation of a TFN is not compulsory but tax may be taken out of your distributions, dividends and interest earned at the highest marginal tax rate plus the Medicare levy if you do not quote your TFN or claim an exemption. By quoting your TFN you authorise Morgan Stanley Wealth Management, Ausmaq and the Portfolio Administrator to apply it for investments acquired by you. If you provide your TFN, Morgan Stanley Wealth Management, as sponsoring broker, will lodge your TFN with share registries on your behalf.

If you are not an Australian resident for tax purposes, then interest, dividends and distributions that are paid to you from an Australian source may be subject to withholding tax. You are subject to the tax laws of your country of residence and should obtain tax advice before investing.

Not Independent

Disclosure of Lack of Independence required under Section 942B(2)(fa) of the Corporations Act 2001 (Cth.) (“Corporations Act”)

Help Your Financial Adviser to Give You the Most Appropriate Advice

Financial product advice is a recommendation, opinion or a report that is, or can reasonably be regarded as being, intended to influence your decision about a particular financial product.

Personal advice is different from general advice because it takes into account your personal circumstances which include your objectives, financial situation and needs.

If you are a retail client and we give you personal advice, we have a duty to act in your best interests when providing personal advice, and are obliged to provide you with appropriate advice. We also have an obligation to warn you if the personal advice we provide you is based on incomplete or inaccurate information.

Providing your financial adviser with sufficient information will ensure your financial adviser is in a position to act in your best interests and provide you with the most appropriate personal advice. You will need to provide details of your personal objectives, financial situation, needs and any other relevant information, including by completing any account profile form that your financial adviser may provide you.

After you have provided this information, you should update your financial adviser about any changes. If you do not provide complete information, or you do not update your financial adviser about changes, your financial adviser will be limited in ability to make recommendations that are relevant to your needs and may be providing you advice based on inaccurate information. You should consider the appropriateness of any advice that is given based on incomplete or inaccurate information about your personal circumstances.

What Financial Products and Services may be Provided in Relation to DMS?

In relation to DMS, we are likely to provide general and personal financial product advice relating to, and deal in and arrange for a person to deal in:

- securities
- derivatives
- managed investment schemes, including managed discretionary account services
- basic deposit products.

Margin lending facilities do not form part of DMS but can be used in conjunction with DMS. Before deciding whether to enter into a margin loan, you should read the important information about margin lending in the product disclosure statement available free of charge upon request from your financial adviser.

We will also provide a custodial or depository service, by holding your portfolio on trust for you, through our nominee company.

We (and our representatives) act for investors when we provide these services.

Financial advisers are not restricted to providing advice only in relation to, and dealing only in, products offered by Morgan Stanley Wealth Management and/or its subsidiaries and/or affiliates.

Furthermore, your financial adviser is not required to place any portion of investments with any subsidiary and/or affiliate of Morgan Stanley Wealth Management.

Discretionary Management Service

Morgan Stanley Wealth Management offers DMS through an agreement with clients called the DMS-MDA Client Agreement (“Agreement”).

If you accept the terms of the Agreement you will, subject to the limitations/restrictions detailed in the Agreement, provide your financial adviser with the authority to make decisions on your investment portfolio and to implement investment transactions without first consulting you.

By granting your financial adviser this authority, your financial adviser may buy or sell investments (including options in your portfolio) without first consulting you. This is different to a non-discretionary account, where your financial adviser would provide you with advice and recommendations before acting on your instructions.

Please note that your financial adviser will also exercise, on your behalf, all rights that relate to your DMS portfolio for example, those rights arising from corporate actions and communications about your portfolio assets.

The decision to surrender full or partial control of your investment portfolio to your financial adviser is an important decision. You should not accept the terms of the Agreement provided by your financial adviser unless you are confident that they have a clear understanding of your circumstances, needs and objectives.

You must accept the terms of the Agreement provided by your financial adviser and enter into the Agreement before your financial adviser can provide you with services under DMS.

Your financial adviser will provide you an Investment Program that is customised to your relevant personal circumstances as part of your Agreement which is prepared in accordance with the requirements of Division 3 of Part 7.7 and Division 2 of Part 7.7A of the Corporations Act. The Investment Program will contain information about:

- the nature and scope of the discretions your financial adviser will be authorised and required to exercise under the Agreement and

any investment strategy that is to be applied in exercising those discretions

- any significant risks associated with the Agreement
- the basis on which your financial adviser considers the Agreement to be suitable for you
- warnings that the Agreement may not be suitable for you if you have provided limited or inaccurate information about your relevant personal circumstances and may also cease to be suitable for you if your relevant personal circumstances, financial situation or needs change.

Your financial adviser will also provide you with a Statement of Advice that complies with Division 3 of Part 7.7 of the Corporations Act.

The suitability of the Investment Program (that forms part of the Agreement) to your relevant personal circumstances will be reviewed by your financial adviser at least annually unless terminated earlier by you.

SIGNIFICANT RISKS

Your portfolio may consist of interests in securities, derivatives, managed funds, options and cash deposits. The risks associated with investing your portfolio will be similar whether you invest yourself or through DMS. However, there are particular risks associated with investing through DMS, the most significant of which are:

- Your financial adviser may make investment decisions that produce poor investment outcomes or that you disagree with. Provided your financial adviser’s actions are within the law and the scope of the authority you have granted, you will have no right of recourse. This means that you will have to accept the tax consequences and any capital loss resulting from any transaction validly executed by your financial adviser and any “reversal” of that transaction that you may request.
- If you do not promptly inform your financial adviser of any changes in your Personal Circumstances, there is a risk that your financial adviser may make inappropriate investment decisions based on out-of-date information.

- DMS relies on technology systems to execute transactions and provide you with reports. There is a risk that these systems may not perform properly or be unavailable.

See the “Risks” section of the Investment Program in Part 3 of the DMS Guide for other risks associated with investing through DMS.

How You Can Instruct Us

As part of DMS, we will execute trades on your behalf without the need to seek specific instructions from you for each trade. Your financial adviser may, but is not obliged to, request instructions from you as to how rights relating to the assets in your DMS portfolio are to be exercised. If your financial adviser determines, in their absolute discretion, to request your instructions, Morgan Stanley Wealth Management will use reasonable endeavours to comply with your instructions, provided that your instructions are received by Morgan Stanley Wealth Management or the Portfolio Administrator by the date and in the form nominated in the notification in respect of that corporate action.

Where you wish to update us with information relating to your account, in most instances you may do so by telephone, mail, email or facsimile. Please note that certain information such as changes to banking details must be advised in writing.

Other Documents You May Receive From Us

You may also receive other important documents including:

Statement of Advice

To help you decide whether to invest through DMS, before you invest, your financial adviser will give you a Statement of Advice and an Investment Program.

A Statement of Advice (“SOA”) is a written record of personal advice provided to you. If you are a retail client, you will normally receive an SOA if we provide you with personal advice that takes into account one or more of your personal objectives, financial situation and needs.

The SOA will contain:

- the advice given to you
- a summary of the basis on which the advice is given
- information about remuneration, commissions and fees related to the provision of the advice
- any associations or relationships that may have influenced the provision of the advice.

Offer Documents

A product disclosure statement, prospectus or offer document (“Offer Document”) contains information about a financial product to help you to make a decision about

the product. The information may relate to the features, benefits, risks and fees of the relevant product. You will usually receive an Offer Document if we make a recommendation to acquire a particular financial product (other than securities) or an offer is made to issue, or arrange the issue of, a particular financial product.

Best Execution Policy Disclosure Statement

Morgan Stanley Wealth Management has adopted a policy in relation to its best execution obligations under the *ASIC Market Integrity Rules (Securities Markets) 2017* (“Market Integrity Rules”). In accordance with the Market Integrity Rules, we will provide you with a Best Execution Policy Disclosure Statement to help you decide whether to instruct us to handle and execute orders for financial products that are within the scope of the best execution obligations prior to handling or executing any such orders. We will also notify our clients of any material changes made to our best execution arrangements. A copy of our Best Execution Policy Disclosure Statement is also maintained on our website at www.morganstanley.com.au.

Did You Know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000). You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs. You may be able to negotiate to pay lower contribution and management costs where applicable. Ask the fund or your financial adviser.

To Find Out More

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

Fees and Costs

FEES AND OTHER COSTS

This section shows fees and other costs that you may be charged in relation to DMS. You should read all the information about fees and costs because it is important to understand their impact on your investment.

All fees in Table 1 are shown inclusive of GST. See 'Additional Explanation of Fees and Costs' section of the FSG below for further information regarding additional fees and charges that may apply. If the specific rate or amount of remuneration (including commissions) payable is calculable at the time personal advice is given, it will be disclosed at that time or as soon as practicable after. If this is not possible, the manner in which the remuneration is to be calculated will be disclosed at the time the personal advice is given or as soon as practicable after.

1.2 This Agreement is conditional on Morgan Stanley Wealth Management separately providing you with a Statement of Advice, where you are classified as a retail client (as defined in the Corporations Act). Giving Us Instructions and Making Changes to the Investment Strategy

As part of the MDA Service, Morgan Stanley Wealth Management will execute trades on your behalf without the need to seek specific instructions from you for each trade. Where you wish to update information relating to your account, you may do so by telephone, mail, email or facsimile. Instructions relating to banking details must be given to Morgan Stanley Wealth Management in writing. Any instructions to change your Investment Strategy or portfolio restrictions will only become effective once you have received a written confirmation from Morgan Stanley Wealth Management.

You may wish to add restrictions to your portfolio to prevent the purchase or sale of specific assets. Within the DMS product we are able to accept restrictions in three formats:

- Stock restriction – you will be required to specify the company name, the stock and code (e.g. XYZ Company Pty ordinary shares, code XYZ.ASX). This will restrict the specific stock only and will not restrict other stocks issued by that company;
- Issuer restriction – you will be required to specify the company name (e.g. XYZ Company Pty). This will restrict all stocks issued by the company (e.g. ordinary shares, bonds and hybrids).
- Sector restriction – you will be required to specify the Global Industry Classification Standard (“GICS”) group name and code that you wish to restrict. (e.g. Consumer Electronics, code 25201010). This will restrict all stocks that are classified within that group. Your financial adviser can assist you in selecting GICS groups if you wish to add one of these restrictions.
- Security type restriction - you will be required to specify the security type (e.g. Australian bank hybrids). This will restrict all hybrids issued by Australian banks.

Please note that any restrictions that you include within your DMS portfolio will constrain our ability to make investment decisions on your behalf and therefore may affect portfolio performance.

Risks

The risks associated with MDA Services are similar to the risks associated with investing or trading directly in portfolio assets. There are however additional risks that apply to MDA Services such as DMS. The most apparent risk is that after you have decided to surrender full or partial control of your investment portfolio, the MDA Services holdings may not perform in accordance with

your expectations and/or you suffer a loss. An investment made on your behalf will carry all of the usual risks as if you personally made the investment decision. All investments involve varying degrees of risk. There are many factors beyond the control of investors that may affect the return of capital and/or return on the invested capital. Each investment in each asset class is exposed to different and/or varying levels of risk, which will include one or more of the following:

MARKET RISK

The performance of investment markets are affected by the economic climate, regulatory changes, as well as consumer and investor sentiment.

SPECIFIC ASSET RISK

Each specific investment in each asset class, is subject to its own specific risks relating to its operations and business activities undertaken in the industry, market and geographic area within which it operates.

INTEREST RATE RISK

This can affect the return on fixed interest investments and can also have a direct or indirect impact upon the value and return of other investments, particularly those that rely upon borrowings to fund their activities.

CREDIT RISK

The risk of loss arising from the failure of another party to meet their obligations. Additionally, the price of securities may be negatively impacted by any changes in the credit rating of the underlying companies.

CURRENCY RISK

The risk of loss arising from a change in foreign exchange rates. Although investments within your DMS account will be denominated in Australian dollars the underlying investments may provide you with exposure to other currencies.

ADDITIONAL RISKS ASSOCIATED WITH OPTIONS

Options are complex products with specific risks associated with their use. Before you make any decision to use options in your portfolio, we require you to read the Options PDS, available free of charge upon request from your financial adviser, and the ASX publication, “*Understanding Options Trading*” so you can understand the complexity of these instruments. By giving us discretion to trade in options, you will not be able to control the extent to which you are exposed to losses in connection with option contracts. Your financial adviser will have absolute discretion in these matters and may enter into positions you would not have entered into and do not agree with.

ADDITIONAL RISKS ASSOCIATED WITH MARGIN LENDING.

Margin lending carries specific risks that are described in Morgan Stanley Wealth Management’s Margin Lending PDS. Securities held within a DMS Account may be used as collateral for a Morgan Stanley Wealth Management margin loan. Use of a margin loan in conjunction with DMS carries additional risks. For example, we may enter into transactions that result in a margin call. Further, if you have provided us with discretion to enter into option contracts, any assets posted as collateral or otherwise encumbered in connection with such contracts may not be available to meet a

margin call, in which case you will need to satisfy the margin call through other resources.

ADDITIONAL RISKS ASSOCIATED WITH ALTERNATIVE ASSETS

Alternative assets have may low correlation to traditional markets and may provide an inflation hedge to traditional long-only positions in stocks, bonds, and cash, create diversification for investors. Alternative assets are a heterogeneous asset class, they are complex instruments that are often subject to leverage and illiquidity which can result in increased investment risk. Before investing in a discretionary portfolio, investors should ensure they fully understand the relevant risk factors, as well as the nature and extent of risk of loss. We have highlighted below some of the key risks associated with the Product for your attention. Please refer to the risk disclosures in the offering document(s) of the Product for details.

(a) Transparency Risk – Unrated Alternative Investment Fund (AIF) often invest in less transparent assets, they are not publicly traded, and investors cannot obtain the publicly quoted prices and other information that is available in relation to a publicly traded security.

(b) Regulatory Risk – On the one hand, as the portfolio companies are privately owned, they are subject to less regulatory scrutiny. On the other hand, the government may pass new regulation to control particular industries to which the portfolio companies belong.

(c) Capital Risk – The investor capital at risk will generally vary within a certain range of volatility versus the strategy index and subject to the various risks. A fund’s investment portfolio may fall in value and investors may suffer losses; and up to be the whole 100% of an investor investment (worst case scenario).

(d) Liquidity Risk – Alternative assets are esoteric and oftentimes illiquid assets may be unable to be transferred or traded. It is also possible the hedge fund itself may prohibit or restrict transfers of interests in the fund. Such restrictions may change from time to time and may affect an investor’s ability to trade the investment. Extreme events such as the GFC or the Covid crisis can result in a fund exercising a ‘gate’ provision. These events can also widen sell spreads and formalised terms may allow a manager to limit the amount of withdrawals (in order to slow or block withdrawals) when there is high risk regarding a ‘run on the fund’.

ADDITIONAL RISKS ASSOCIATED WITH HYBRID SECURITIES

(a) Subordination risk – The Products with subordinated features are general debts or obligations of a corporation which, upon an insolvency of the issuer, are only repayable after other general unsubordinated debts of the issuer have been paid. Therefore, the credit risk is greater with respect to subordinated bonds and there is a greater risk that an investor may lose all or a substantial portion of its investment. The Products with subordinated features may also contain an optional redemption right of the issuer.

(b) Loss absorption risk – Upon the occurrence of a loss absorption triggering event, the Product may be (i) mandatorily converted into common equity of the issuer at a predetermined fixed rate or variable rate, or (ii) temporarily or permanently written down. The triggering events generally include (but are not limited to) the issuer failing to maintain a minimum capital ratio, a subjective determination by a regulator to trigger the conversion

or write-down, and/or other circumstances adverse to the issuer. Because a triggering event will occur when the issuer's capital ratio and/or its chances of continuing as a going concern will have deteriorated, it will likely be accompanied by deterioration in the market value of its common equity. Therefore, in the case of a mandatory conversion into common equity, investors are likely to receive common shares with a significantly diminished market value, substantially less than the invested amount of the bonds converted. The determination of a triggering event involves inherent uncertainty and will be difficult to predict. In the event that the Product is 100% permanently written down to zero, investors will lose the entire invested amount.

(c) Perpetual risk –Perpetual bonds are general debts or obligations of an issuer which do not have a maturity date. Perpetual bonds may pay a fixed or floating rate of coupon and may never pay the invested amount. Subject to any loss absorption triggering event or early redemption event, the coupon may be paid until the issuer becomes bankrupt for so long as the coupon is not varied or deferred by the issuer. The interest pay-out depends on the viability of the issuer in the very long term.

DMS Specific Risks

In managing your portfolio account, the purchases and sales of assets, changes to the market value of assets and the receipt of income and dividends will cause fluctuations in the weightings of each asset class and may result in a departure from the recommended weightings set out in the SOA.

While not all risks associated with investing can be predicted, Morgan Stanley Wealth Management may be able to limit your exposure to these risks by making investments based on its experience and expertise. Morgan Stanley Wealth Management also has access to a wide range of market information including company announcements, prospectuses, press releases and research reports compiled by Morgan Stanley Wealth Management and others.

As with any discretion, there is a remote risk that it may be misused. Morgan Stanley Wealth Management has systems in place to reduce the likelihood of this occurring. Financial advisers and Morgan Stanley Wealth Management employees are assessed to ensure they are of good fame and character and act honestly, efficiently and fairly. Additionally, you will receive confirmations of all transactions entered into on your behalf. Morgan Stanley Wealth Management management monitors the trading activities of MDA Services. In accordance with Morgan Stanley Wealth Management's Australian financial services licence, our controls and procedures are subject to review by ASIC and the ASX at any time to ensure that they are appropriate and operating suitably for the purposes of the MDA Services. The controls and procedures are also externally audited each year. Should you have any concerns regarding the activities on your account, please contact the Morgan Stanley Wealth Management compliance department immediately.

Notwithstanding the protections described above, Morgan Stanley Wealth Management may make investment decisions that you disagree with. Provided our actions are within the law and the scope of the authority you have granted and we have acted efficiently, honestly and fairly, you will have no right of recourse. This means

that you will have to accept the tax consequences, transaction costs (if any) and any capital loss resulting from any transaction validly executed by us and any "reversal" of that transaction you may request.

If you provide your financial adviser with a discretion to enter into options, your financial adviser may use that discretion to not trade in options, or to trade in options at some times only or over only part of your portfolio. Importantly, authorising your adviser to enter into put options does not guarantee that your portfolio or any part of it will be protected by put options at any particular time. Morgan Stanley Wealth Management will not be liable for the consequences of entering into or failing to enter into options within the scope of our discretion at any particular time.

Review of Your Investment Program

After establishment, your Investment Program will be reviewed by Morgan Stanley Wealth Management in conjunction with your financial adviser at least annually, to:

- (a) update your profile to reflect any changes in your circumstances, risk tolerance and investment objectives; and
- (b) determine whether this Agreement continues to be suitable to your relevant personal circumstances. It will be your responsibility under the terms of the Agreement to notify your financial adviser of any significant changes to your personal circumstances that occur during the year.

Warnings

The Investment Program may not be suitable for you if you have provided us with limited, incomplete or inaccurate information relating to your personal circumstances. Also, this Investment Program may cease to be suitable if your personal circumstances change. We encourage you to contact Morgan Stanley Wealth Management urgently if your circumstances have changed so Morgan Stanley Wealth Management can determine if the DMS program remains appropriate to your needs.

(A) electronically to an email address you have provided to us, in which case we will also have the right to provide a hyperlink to the Disclosure Document in lieu of an electronic copy; or

(B) by written (paper or electronic) notice with a reference to the relevant website or hyperlink to access the Prescribed Documents.

(b) You acknowledge that it is your responsibility to promptly advise us of any change to your email address and ensure that your email is at all times operational and available for receipt of electronic communication (including but not limited to electronic confirmation statements and Prescribed Documents).

(c) Notwithstanding any other provision, you agree that we may at any time:

(i) issue a paper-based confirmation statement in lieu of electronic confirmation statements by email;

(ii) issue a further confirmation statement if the previous ones contained any errors or omissions, and in this event, the further confirmation statement shall supersede the previous ones in all respects.

37. ELECTRONIC COMMUNICATIONS

You acknowledge that communications that we send to you by way of email or other electronic means, including any attached documents, (together, "electronic communications") will not be encrypted. We do not guarantee that electronic communications that we send will be secure, error free or virus free. We reserve the right to monitor all electronic communications.

Allocation Policy

This is Morgan Stanley Wealth Management's allocation policy in accordance with Market Integrity Rule 5.1.8 and includes important information in relation to Morgan Stanley Wealth Management's allocation procedures. This policy is subject to change without notice. If you have questions in relation to this policy, or do not consent to the application of this policy, please contact us or your Morgan Stanley Wealth Management financial adviser.

Morgan Stanley Wealth Management aims at all times to:

1. act in our client's best interests
2. act in accordance with client instructions
3. treat client Orders and subsequent executions fairly and in due turn with other client Orders and with Orders of Morgan Stanley Wealth Management and Prescribed Persons.

Morgan Stanley Wealth Management, when executing Orders and in subsequent allocations, adopts the following procedures.

Entry of Orders for Execution

(A) NO DISCRETION

If an Order does not require the exercise of Morgan Stanley Wealth Management's discretion in relation to the timing or price of the Order, then Orders are entered in accordance with any reasonable client instructions received, and, if no instruction is given, then Orders are entered in the sequence in which the Orders are received by Morgan Stanley Wealth Management, and otherwise as expeditiously as possible.

(B) DISCRETION

If the Order requires an exercise of discretion by Morgan Stanley Wealth Management in relation to the timing or price of the Order, then the Order will be entered in such manner and at a time that Morgan Stanley Wealth Management considers appropriate, taking into account any client instructions received and our obligation to act in the client's best interests.

Allocation of Executions

Morgan Stanley Wealth Management will allocate executions fairly, and individual Orders submitted for execution will be allocated according to the fills received back from ASX following execution of that Order.

Where a number of Orders are executed pursuant to the instructions of a single client, they will be allocated according to that client's instructions.

The general principles set out above apply equally to execution and allocations between two or more client Orders or a client and a Prescribed Person.

CLIENT ORDER PRECEDENCE

Client Orders which are on the same terms as Orders of Morgan Stanley Wealth Management or Prescribed Persons are given precedence, except as permitted under the Rules. For example, where a related company of Morgan Stanley Wealth Management is not aware of Morgan Stanley Wealth Management's client Order flow, then their Orders are treated on the same basis as clients and clients may not be given precedence where their Order is on the same terms as the Prescribed Person.

GROUPED ORDERS

Morgan Stanley Wealth Management may enter an Order jointly with Orders from other clients where the Orders are on the same terms. Orders may be grouped if they are received overnight or before the market opens; while there are outstanding Orders in the same Financial Product; around the same time during normal trading; or confer a discretion on Morgan Stanley Wealth Management in relation to the time of execution and in our reasonable opinion, it is appropriate to group them for execution.

If a client asks, Morgan Stanley Wealth Management will advise the client that their Order is being grouped with other Orders for the purpose of execution, and may advise the number of Orders being grouped. In some cases, Morgan Stanley Wealth Management may indicate the total size of the grouped Orders or the comparative size of the client's Order in relation to the total group. However, for regulatory and other reasons, Morgan Stanley Wealth Management may decline to give this indication. For client confidentiality reasons, Morgan Stanley Wealth Management will not disclose the names of the other clients or the size of the Orders, unless the client has consented to this.

Executed grouped Orders will be allocated either pro rata on the size of the individual Order or on a one for one basis until the Orders are filled, or on another basis that Morgan Stanley Wealth Management believes is fair in the circumstances, so that client Orders are allocated fairly and in due turn. Morgan Stanley Wealth Management will take into account relevant factors such as the time of receipt of the Orders, the relative size of the Orders and the liquidity of the market at the time of receipt of the Orders in determining the allocations.

WITHDRAWAL OF, OR CHANGES TO, ORDERS AFTER THEY HAVE BEEN GROUPED

If a client wishes to withdraw the balance of their Order after it has been grouped with other Orders and the grouped Order has been partially executed, then the withdrawal will not affect any executions allocated to the client up to the point of withdrawal. The client will simply not participate in any further executions of the grouped Order.

Similarly, if a client wishes to increase or decrease their Order after it has been grouped with other Orders and the grouped Order has been partially executed, then the change will not affect any executions allocated to the client up to the point of the change. The client's participation in any further executions of the grouped Order will simply be increased or reduced (as the case may be) to reflect the changed size of its Order.

ADDING NEW ORDERS TO GROUPED ORDERS

A new Order may be added to other Orders that have been grouped and partially executed. However, the new Order will only participate in executions effected after it has been joined to the grouped Order and will not be allocated any of the executions effected before the Order was joined.

WHAT IF A CLIENT DOES NOT WANT THEIR ORDERS GROUPED?

If a client is generally happy to have their Orders grouped but wishes a particular Order not to be grouped, they need to state this at the time of placing the Order.

If a client wishes not to have any Orders grouped, they should send a letter, facsimile or email advising us of this.

ADJUSTMENTS

Morgan Stanley Wealth Management may make small, reasonable adjustments to the allocations where this will not have a material effect on the client's Order and is not contrary to the client's instructions (for example, to ensure shares allocated meet the marketable parcel requirements).

Part B

Sponsorship Agreement

This Part B: Sponsorship Agreement applies when you agree to be sponsored by us. In this Part B, Section 1 contains an explanation of the effect of the Sponsorship Agreement and Section 2 contains the terms and conditions that form your Sponsorship Agreement with Morgan Stanley Wealth Management. You should read both sections carefully and understand the content before agreeing to be sponsored by us.

Section 1

Sponsorship Agreement – Explanation

This Section 1 of Part B: Sponsorship Agreement and the summary provided is a guide only, and you must read the Sponsorship Agreement in full and ensure you understand it.

What is the Purpose of the Sponsorship Agreement?

By agreeing to the Sponsorship Agreement, you appoint us as your Controlling Participant on CHESS, which allows securities you trade to be administered from a central source.

What is CHESS?

CHESS is a system of registering financial products on computer, so instead of holding paper certificates to show that you own shares or other financial products, all financial products will be registered electronically in your name on CHESS. CHESS is operated by ASX Settlement Pty Limited under the ASX Settlement Operating Rules. Only certain people, such as Morgan Stanley Wealth Management, may control financial products on CHESS.

What is a HIN?

HIN is a Holder Identification Number and is the number allocated to you by which CHESS identifies and registers your holdings. It also identifies the broker, such as Morgan Stanley Wealth Management, with which you hold the Financial Products.

Summary of the Sponsorship Agreement

Under the terms of the Sponsorship Agreement:

- You authorise us to act as your agent on CHESS in respect of your Holding(s) of Financial Products that are identified by your HIN.
- All Financial Products that are purchased, Transferred or Converted are sponsored by us.
- You agree to allow us to perform Transfer and settlement services for any securities traded through us.

- You agree to pay for Financial Products purchased and understand that non-payment may result in the Financial Products being sold at your expense.
- You agree to pay all brokerage and associated administration costs that may be due to us from time to time under an agreement with us.
- Importantly, we will not initiate any Transfer or Conversion without your express authority.
- You agree to provide all necessary documentation and/or information as required by us relating to your Holding and in connection with the Sponsorship Agreement.
- You agree to allow us to take any necessary actions in order to comply with the ASX Settlement Operating Rules and the Corporations Act in connection with your Financial Products and Holding.
- If we breach the Sponsorship Agreement, you can refer the breach to any regulatory authority, including ASX Settlement.
- You also have certain rights if we are suspended from CHES participation including instructing ASX Settlement to remove your sponsored holdings from the CHES Subregister or move them to another controlling participant in CHES.
- The Sponsorship Agreement sets out what happens in the event of your death or bankruptcy, and that of the other account holders should your account be held in joint names.
- The terms of the Sponsorship Agreement can be varied by us by giving you written notice, subject to the ASX Settlement Operating Rules.
- Either you or Morgan Stanley Wealth Management may terminate the Sponsorship Agreement by notice in writing.
- You can request a copy of the executed Sponsorship Agreement at any time by contacting Morgan Stanley Wealth Management or your financial adviser.

Section 2

Sponsorship Agreement – Terms and Conditions

1. GENERAL

1.1 CHES stands for Clearing House Electronic Subregister System and is operated by:

(a) ASX Clear for the purpose of clearing Cash Market Transactions and Cash CCP Transactions

(b) ASX Settlement for the purposes of settling transactions in approved Financial Products, transferring Financial Products and registering Transfers.

1.2 You appoint us as Controlling Participant, which will allow you to participate (or continue to participate) as a sponsored holder in CHES.

1.3 CHES will advise you of your HIN which is used to identify a Holding in CHES. Instead of receiving a certificate in respect of your shares or other Financial Products, you will receive a holding statement.

1.4 This Section of Part B: Sponsorship Agreement sets out the terms of the sponsorship arrangement between you and Morgan Stanley Wealth Management in connection with Morgan Stanley Wealth Management operating your Holding in CHES on your behalf.

1.5 If there is any inconsistency between the ASX Settlement Operating Rules and these terms and conditions, the ASX Settlement Operating Rules will prevail.

1.6 In this Sponsorship Agreement, defined terms used have the meanings given to them in Part 5: Definitions and Interpretation. Any defined terms not appearing in Part 5 have the same meaning as in the Rules. Note the words 'we', 'our' and 'us' refer to Morgan Stanley Wealth Management.

2. APPOINTMENT AND TERMINATION OF PREVIOUS APPOINTMENTS

2.1 You appoint us as your agent to do any act under CHES relating to your Holding, including to provide Transfer and settlement services, and by accepting your application to be sponsored by us:

- (a) we agree to the appointment
- (b) this Sponsorship Agreement will commence.

2.2 From the commencement of this Sponsorship Agreement, any prior sponsorship agreement or arrangement between us is terminated and all Holdings that may have been sponsored under the prior sponsorship agreement or arrangement are now sponsored under the terms and conditions of this Sponsorship Agreement.

3. HOLDING INFORMATION

3.1 You must promptly give us any information or documents that we reasonably require to enable us to:

- (a) perform our obligations or to act as your Controlling Participant or agent under this Sponsorship Agreement
- (b) comply with the registration requirements as are in force under the ASX Settlement Operating Rules.

3.2 Where information previously supplied by you changes, you must notify us of the change (and supply any necessary supporting documentation) as soon as possible.

3.3 You authorise us to obtain statements of Holding balances and other information in relation to sponsored Holdings from ASX Settlement upon your request, or at such times as we reasonably think necessary.

3.4 If the statements or information described above in this clause 3 are obtained at your request or are required to be obtained to facilitate compliance with the ASX Settlement Operating Rules, you are responsible for the reasonable costs of obtaining them.

3.5 Information or documents you give us may be disclosed:

- (a) to any person for these purposes
- (b) if required by any regulatory authority (including ASX Settlement or ASX Clear) or if allowed or required by law
- (c) to our officers, employees, advisers and agents
- (d) where you consent
- (e) to enable us to enforce our rights under law or this Sponsorship Agreement.

4. OUR AUTHORITY TO TRANSFER

4.1 If we receive written instructions or an express authority from you that involve the Transfer, Conversion or disposal of Financial Products into or out of your Holding, we have the authority to initiate and Transfer or Convert the Financial Products or take any other action necessary for the disposal.

4.2 We do not need to Transfer Financial Products into your Holding until we receive payment for them. Where you authorise us to buy Financial Products, you will pay for those Financial Products within two Business Days of the due date of purchase or such other time as specified in the Confirmation.

4.3 Subject to the ASX Settlement Operating Rules, if you do not pay for Financial Products we purchase on your behalf, we may sell them, and use the proceeds to reduce your liability to us. Before we do this, we will demand payment from you. You are responsible for the risk and expenses of the sale, including any brokerage and stamp duty and any other applicable government charges.

5. WITHDRAWAL FROM YOUR HOLDING

5.1 Subject to clause 4.3 and 5.2 of this Sponsorship Agreement, if we receive Withdrawal Instructions, we must initiate the Transfer, Conversion or other necessary action within the Scheduled Time, provided that the required Financial Products are available in your Holding.

5.2 If you give us Withdrawal Instructions, we may refuse to comply with those instructions if we reasonably claim that you owe us money and the Withdrawal Instructions would reduce the current market value of the Holding sponsored under this Sponsorship Agreement to less than 120% of the claimed amount (minimum value). We will only do this to the extent needed to retain the minimum value in the Holding sponsored under this Sponsorship Agreement.

6. YOUR ACKNOWLEDGMENTS

6.1 You acknowledge that, if you are not otherwise informed, we will tell you the HIN for the Participant Sponsored Holdings. All Financial Products that are subject to this Sponsorship Agreement will be registered under this HIN.

6.2 You acknowledge that:

(a) if we are not a Market Participant of an Approved Market Operator, that neither the Approved Market Operator nor any Related Party of the Approved Market Operator has any responsibility for regulating the relationship between us and you, other than in relation to the Rules relating to Sponsorship Agreements

(b) if a Transfer is taken to be effected by us under Section 9 of the ASX Settlement Operating Rules and the Source Holding for the Transfer that is a Participant Sponsored Holding under the Sponsorship Agreement, then:

(i) the Participant Sponsored Holder may not assert or claim against ASX Settlement or the relevant Issuer that the Transfer was not effected by the Sponsoring Participant or that the Sponsoring Participant was not authorised by the Participant Sponsored Holder to effect the Transfer

(ii) unless the Transfer is also taken to have been effected by a Market Participant of an Approved Market Operator or a Clearing Participant of ASX Clear, the Participant Sponsored Holder has no claim arising out of the Transfer against the compensation arrangement applicable to the Approved Market Operator or the Clearing Participant of ASX Clear under the Corporations Act and Corporations Regulations.

6.3 You acknowledge that if you become bankrupt, a Holder Record Lock will be applied to all your Holdings sponsored under this Sponsorship Agreement in accordance with the ASX Settlement Operating Rules (unless your trustee elects to remove those Holdings from the CHESS Subregister).

6.4 You acknowledge that if you die:

(a) a Holder Record Lock will be applied to all your Holdings sponsored under this Sponsorship Agreement in accordance with the ASX Settlement Operating Rules (unless your legally appointed representative elects to remove those Holdings from the CHESS Subregister)

(b) this Sponsorship Agreement is deemed to remain in operation for up to three calendar months after the removal of the Holder Record Lock unless the legally appointed representative authorised to administer your estate elects to remove Financial Products from your Holding sponsored under this Sponsorship Agreement.

(c) subject to the ASX Settlement Operating Rules, we may elect to terminate this Sponsorship Agreement if you have no Holdings sponsored by us at any time after we receive notice of your death.

7. JOINT HOLDERS ONLY

7.1 If you are a joint holder, you acknowledge that:

(a) if one of the joint holders dies:

(i) all your Holdings under the joint Holder Record shall be transferred into new Holdings under a new Holder Record in the name of the surviving holder(s)

(ii) this Sponsorship Agreement remains valid for the new Holdings under the new Holder Record

(b) if one of you becomes Bankrupt, we will:

(i) establish a new Holder Record in the Bankrupt's name, transfer that person's interest into new Holdings under the new Holder Record and request that ASX Settlement apply a Holder Record Lock to all Holdings under that Holder Record (unless the trustee of the Bankrupt holder elects to remove the Holdings from the CHESS Subregister)

(ii) establish a new Holder Record in the names of the other joint holders and transfer their interest into new Holdings under the new Holder Record.

8. SECURITY, OTHER INTERESTS AND SUBPOSITIONS

8.1 If you arrange with ASX Clear to lodge Financial Products in your Holdings as Derivatives Cover, and inform us of the arrangement, you:

(a) authorise us to reserve the Financial Products in the ASX Clear Subposition so that the Financial Products come under the control of ASX Clear and are subject to the security interest granted in favour of ASX Clear to secure the performance by the relevant Clearing Participant of its obligations to ASX Clear under and in accordance with the ASX Clear Operating Rules

(b) authorise any subsequent dealing (including, without limitation, any Transfer) of the reserved Financial Products in accordance with the Rules, including the ASX Clear Operating Rules

(c) acknowledge that the Financial Products will remain subject to that security interest for so long as those Financial Products remain reserved in the ASX Clear Subposition in accordance with the Rules

(d) authorise us to take whatever other action is reasonably required by ASX Clear in accordance with the Rules to give effect to that arrangement.

8.2 Where you arrange with any person to give a charge or any other interest in financial products in your Holdings, you authorise us to take whatever action is reasonably required by the person in accordance with the Rules to give effect to that arrangement.

8.3 We may take steps to create a Subposition over your Holdings in accordance with your instructions or this Sponsorship Agreement. If we do this, your ability to Transfer, Convert or otherwise deal with the Financial Products will be restricted in accordance with the terms of the ASX Settlement Operating Rules relating to Subpositions.

8.4 No clause in this Sponsorship Agreement overrides any interest of ASX Clear in the Financial Products.

9 FOREIGN OWNERSHIP RESTRICTED SECURITIES

9.1 There are a number of listed companies that are subject to foreign ownership restrictions ("Foreign Ownership Restricted Securities"). Foreign Ownership Restricted Securities limit the ability of foreign investors to purchase these securities or place limits on the level of foreign ownership. These listed companies typically identify whether an investor is foreign by the Residency Indicator applied to the investor's HIN.

9.2 You acknowledge that:

(a) if you acquire a Holding in a Foreign Ownership Restricted Security; or

(b) hold a Foreign Ownership Restricted Security and change your address,

and your Residency Indicator is not appropriate for the relevant security, we may transfer your Foreign Ownership Restricted Security from a Participant Sponsored Holding to an Issuer Sponsored Holding and you authorise us to take whatever other action is reasonably required or deemed appropriate to give effect to such transfer.

9.3 You acknowledge that:

(a) if you believe your Residency Indicator is incorrect at any time, you must notify us to request an update to your Residency Indicator as soon as possible;

(b) if we are not otherwise informed as above, we will not have access to all the necessary and relevant information relating to your personal circumstances to determine whether your Residency Indicator should be changed with respect to any Foreign Ownership Restricted Securities, and we may in such circumstances transfer your Foreign Ownership Restricted Security to an Issuer Sponsored Holding.

10. FEES, OVERDUE INTEREST AND INDEMNITIES

10.1 No fees will be payable by you (apart from brokerage, government charges and late settlement fees) for the Transfer and settlement agency services provided under this Sponsorship Agreement.

10.2 You must pay us any fees and charges payable when we ask. We can also debit any of these amounts to any account you have with us even if we do not expressly ask you to pay us.

10.3 If you do not pay us an amount when it is due, we can charge interest on the overdue amount. We do this using the method and interest rate we may determine from time to time.

10.4 You indemnify us against, and you must therefore pay us on demand for, liability, loss or costs (including consequential or economic loss) we suffer or incur:

(a) in connection with us performing our obligations under this Sponsorship Agreement

(b) in connection with us acting as your Controlling Participant or agent for the purposes of CHESS

(c) if you do something you agree not to do, or do not do something you agree to do, under this Sponsorship Agreement.

The indemnity in this clause is a continuing obligation, independent of your other obligations to us. It continues even after this Sponsorship Agreement is terminated. It is not necessary for us to incur expense or make payment before enforcing a right of indemnity conferred by this Sponsorship Agreement.

11. COMPLAINT PROCEDURE AND COMPENSATION

11.1 You may lodge a complaint with Morgan Stanley Wealth Management in the first instance, and if you are not satisfied with the response, you may contact the Australian Financial Complaints Authority. For further details, refer to the Morgan Stanley Wealth Management Financial Services Guide.

11.2 If we breach this Sponsorship Agreement, you may refer that breach to any regulatory authority, including ASX Settlement.

11.3 The following compensation arrangements apply to us:

(a) If we breach a provision of this Sponsorship Agreement, and you make a claim for compensation pursuant to that breach, our ability to satisfy that claim will depend upon our financial circumstances.

(b) You may make a claim on the National Guarantee Fund for compensation if a breach by us falls within the circumstances specified under Part 7.5 Division 4 of the Corporations Regulations.

12. SUSPENSION FROM CHESS

12.1 If we are suspended from CHESS participation, then (subject to the assertion by our liquidator, receiver administrator, or trustee of an interest in Financial Products controlled by us) you may within 20 Business Days of ASX Settlement giving notice of the suspension, give a notice to ASX Settlement requesting that your Holdings sponsored under this Sponsorship Agreement be removed either from:

(a) the CHESS Subregister

(b) our control to the control of another Participant with whom you have entered into a valid sponsorship agreement pursuant to Rule 12.19.10 ASX Settlement Operating Rules.

12.2 If you do not give ASX Settlement such a notice, ASX Settlement may effect a change of Controlling Participant under Rule 12.19.11 of the ASX Settlement Operating Rules, in which case you will be deemed to have entered into a new sponsorship agreement with the substitute Participant on the same terms as this Sponsorship Agreement. Where you are deemed to have entered into a Sponsorship Agreement, the new Participant must enter into a Sponsorship Agreement with you within 10 Business Days of the change of Controlling Participant.

13. CHANGE OF CONTROLLING PARTICIPANT

13.1 If you receive a Participant Change Notice from us at least 20 Business Days before the proposed date for the change of Participant, you do not have to agree to the change, and can choose to:

(a) terminate the Sponsorship Agreement by instructing us to withdraw under the ASX Settlement Operating Rules by Transferring your Participant Sponsored holding to either of:

- (i) another Controlling Participant
- (ii) one or more Issuer Sponsored Holdings

(b) take no action to terminate. If you do not indicate that you do not agree to the change, subject to clause 13.2, the Sponsorship Agreement will be novated to the new Controlling Participant on the date we notified (applicable date). This will be binding on all parties as though:

- (i) the new Controlling Participant is a party to the Sponsorship Agreement in place of the existing Participant
- (ii) any of our rights are Transferred to the new Controlling Participant
- (iii) you release us from any obligations arising on or after the applicable date.

13.2 The novation in clause 13.1(b) does not take effect until you receive a notice from the new Controlling Participant confirming that they will act as your Participant. As a result, the applicable date may be later than the date set out in the Participant Change Notice.

13.3 Your consent to the events in clause 13.1(b) is assumed if you take any action that is consistent with the novation of the Sponsorship Agreement to the new Controlling Participant on or after the applicable date (for example, if you give an instruction to the new Controlling Participant). In this case, your consent is assumed from the applicable date.

13.4 This Sponsorship Agreement continues to apply in relation to rights and obligations accrued before the applicable date. To the extent that any law, or provision of any agreement, makes the novation in clause 13.1 not binding or effective on the applicable date, the Sponsorship Agreement will continue for our benefit until the novation becomes effective. In this case, we will hold the benefit of the Sponsorship Agreement on trust for the new Controlling Participant.

13.5 Nothing in this clause 13 prevents us from completing CHESS Transactions where the obligation to complete those Transactions arises before the applicable date. This Sponsorship Agreement will continue to apply to those Transactions, regardless of the novation of the agreement to the new Controlling Participant.

14. TERMINATION

14.1 Subject to the ASX Settlement Operating Rules, this Sponsorship Agreement is terminated if:

(a) either party notifies the other in writing that it wants to terminate this Sponsorship Agreement for any reason (in which case this Sponsorship Agreement is terminated from the time the notice is received unless a later time is specified in the notice)

(b) you have failed to provide us with your current contact details (and provide updated information as required by clause 3.2 of this Sponsorship Agreement) and we have undertaken all reasonable efforts to contact you. To the extent permitted by law, we may determine termination under this sub-clause (b) to be immediate and we may terminate this Sponsorship Agreement under this sub-clause (b) notwithstanding any other clause in this Sponsorship Agreement

(c) if we become insolvent

(d) if our participation as a Participant in CHESS is terminated or suspended

(e) upon the giving of Withdrawal Instructions by you to a Controlling Participant in accordance with ASX Settlement Operating Rule 7.1.10(c).

14.2 Notwithstanding the above termination events, if we are unable to transfer your Participant Sponsored Holding or deal with any of your Financial Products in your Holding for any reason, this Sponsorship Agreement will continue to apply until such time the relevant Financial Product in your Holding may be dealt with.

14.3 The termination of this Sponsorship Agreement does not affect any rights or obligations that have accrued before that time.

15. REGULATORY REGIME

15.1 The regulatory regime applicable to Morgan Stanley Wealth Management under this Sponsorship Agreement includes:

- (a) the regulation of the clearing and settlement facility operated by ASX Settlement and ASX Clear under the Corporations Act
- (b) the ASX Settlement Operating Rules and the ASX Clear Operating Rules

(c) the regulation of financial services licences under the Corporations Act. Our Australian Financial Services licence number is 240813 and you can obtain further information about our status from ASIC.

15.2 This Sponsorship Agreement is subject to the ASX Settlement Operating Rules and you must not take any action that prevents or impedes us from complying with our obligations under those Rules.

15.3 If, as a result of an amendment to the ASX Settlement Operating Rules, a provision of this Sponsorship Agreement becomes inconsistent with a provision of the ASX Settlement Operating Rules, we may vary this Sponsorship Agreement to the extent we consider necessary to remove the inconsistency. If we do this, we will give you at least seven Business Days' notice in writing.

16. WAIVER AND VARIATION

16.1 Unless as provided in clause 15.3, this Sponsorship Agreement can be varied:

- (a) by a written agreement that is signed by both you and us
- (b) by us, and if we do this, we will give you at least twenty Business Days' notice.

16.2 Subject to clauses 15.3 and 16.1, a provision of this Sponsorship Agreement, or a right created under it, may not be waived or varied except in writing signed by the party or parties to be bound.

17. NOTICES AND OTHER COMMUNICATIONS

17.1 Unless otherwise required or permitted by us or by the ASX Settlement Operating Rules, notices and other communications must be in writing.

17.2 Written notices or other communications may be:

- (a) sent to the email address last notified to us
- (b) left at, or sent by courier or post to:
 - (i) (in the case of a company) the company's head office or principal place of business
 - (ii) (in the case of an individual) the individual's place of residence or business as last known to the sender.

17.3 Written notices or other communications sent in connection with this Sponsorship Agreement take effect from the time received unless a later time is specified in them. If:

- (a) sent by post, they are taken to be received on the second Business Day after posting
- (b) sent by courier, they are taken to be received when delivered to the address
- (c) sent by facsimile, they are taken to be received when the sender's fax machine indicates a successful transmission to the correct fax number
- (d) sent by email, notices and other communications are taken to be received one hour after the email is sent.

18. EXECUTED SPONSORSHIP AGREEMENT

18.1 You acknowledge that before you submitted an application to be sponsored by us, you were provided with an explanation of the effect of this Sponsorship Agreement (as contained in Section 1 of this Part B: Sponsorship Agreement) and that you understood the effect of this Sponsorship Agreement.

18.2 You acknowledge that by submitting an application to be sponsored by us, and agreeing to this Sponsorship Agreement, you

expressly instruct us not to provide you with an executed copy. You may request a copy of the agreement you accepted and agreed to at any time in the future, and you have the right to receive a copy at any time from three Business Days after acceptance.

19. GOVERNING LAW

19.1 This Sponsorship Agreement is governed by the laws of New South Wales and you submit to the exclusive jurisdiction of the courts of New South Wales

Part C

Options Facility

This Part C, together with the confirmation letter (if any), applies if you buy or sell options. The terms in Part A will also apply to you, but if there is an inconsistency between the terms in Part A and the terms of this Part C, the terms in this Part C will prevail. If there is an inconsistency between this Part C and the confirmation letter, the terms of this Part C will prevail. If there is an inconsistency between this Part C and Parts D or E, then Part C will prevail.

1. AGREEMENT

The availability of options is subject to and conditional upon you agreeing to Part A and entering into the facility.

2. EXCHANGE TRADED OPTIONS

We will buy and sell Exchange Traded Options on your behalf provided that:

- (a) we approve, in our absolute discretion, the terms of the options you wish to buy or sell;
- (b) you have agreed to the terms in the Option Client Agreement set out in Part C to this Agreement and taken all other necessary actions we require;
- (c) you have signed, completed and returned to us the client acknowledgment of the Master Deed of Priority between the ASX Clear Pty Ltd (ABN 48 001 314 503) and us; and
- (d) all other requirements as specified by the Corporations Act or the rules of the relevant exchange from time to time are met.

3. EXERCISE OF EXCHANGE TRADED OPTIONS

Each Exchange Traded Option may only be exercised in accordance with its terms.

4. EXPIRY OF THE OPTIONS

4.1 The options expire:

- (a) in accordance with its terms; or
- (b) if the loan is terminated.

4.2 Upon expiry of an option, our obligations in relation to the option are terminated and we may take any course of action available to us under this Agreement and under clause 6 of this Part C. You acknowledge that even if your option expires in-the-money, we are under no obligation to make any payment to you.

5. OPTIONS FORM PART OF THE COLLATERAL

For the avoidance of doubt, the definition of collateral in this Agreement includes all options entered into under this Part C. This includes any option entered into between you and us in the future and any option that we enter into on your behalf at any time in the future.

6. ASX CLEAR SUBPOSITIONS

6.1 If you arrange with ASX Clear to lodge Financial Products in your Holdings as Derivatives Cover, and inform us of the arrangement, you:

(a) authorise us to reserve the Financial Products in the ASX Clear subposition so that the Financial Products come under the control of ASX Clear and are subject to the security interest granted in favour of ASX Clear to secure the performance by the relevant Clearing Participant of its obligations to ASX Clear under and in accordance with the Clear Operating Rules;

(b) authorise any subsequent dealing (including, without limitation, any Transfer) of the reserved Financial Products in accordance with the Rules, including the Clear Operating Rules;

(c) acknowledge that the Financial Products will remain subject to that security interest for so long as those Financial Products remain reserved in the ASX Clear subposition in accordance with the Clear Operating Rules; and

(d) authorise us to take whatever other action is reasonably required by ASX Clear in accordance with the Rules to give effect to that arrangement.

6.2 Where you arrange with any person to give a charge or any other interest in financial products in your Holdings, you authorise us to take whatever action is reasonably required by the person in accordance with the Rules to give effect to that arrangement.

6.3 You acknowledge that where, in accordance with this Agreement and/or your instructions, we initiate any action which has the effect of creating a subposition over Financial Products in your Holdings, your right to transfer, convert or otherwise deal with those Financial Products is restricted in accordance with the terms of the Rules relating to subpositions.

6.4 Nothing in this Agreement operates to override any interest of ASX Clear in the Financial Products.

7. CLEARING AND SETTLEMENT ARRANGEMENTS

7.1 If you trade in Exchange Traded Options, you undertake to deposit or lodge with Morgan Stanley Wealth Management, if we request, such collateral as and when required under this agreement to enable Morgan Stanley Wealth Management to meet its obligations under the Rules and to provide cover or to secure your obligations in respect of any margin obligations relating to Exchange Traded Option positions.

You will be taken to have consented to the events referred to in this clause 26 by the doing of any act which is consistent with the novation of this Agreement to the new Participant (for example by giving an instruction to the new Participant), on or after the Effective Date, and such consent will be taken to be given as of the Effective Date. This Agreement continues for our benefit in respect of any rights and obligations accruing before the Effective Date and, to the extent that any law or provision of any agreement makes the novation not binding or effective on the Effective Date, then the Agreement will continue for our benefit until such time as the novation is effective, and we will hold the benefit of the Client Agreement on trust for the new Participant. Nothing in this clause 26 will prevent the completion of DVP transactions and Derivatives CCP Contracts by us where the obligation to complete those transactions arises before the Effective Date and this Agreement will continue to apply to the completion of those transactions, notwithstanding the novation of this Agreement to the new Participant under this clause 26.
